THE PREMISE

You chose this location for a
reason.
Now let your home live up to
it.

The views, the light, the quiet at the end of the day — you already have the setting. What often remains is a floor plan drawn for someone else's life. We renovate established homes across the Valley into something that finally matches the way you live: calmer, more generous, more considered. Same address. An entirely different experience of it.

CAPABILITIES

Craftsmanship across every room of the home

0 1

Whole-Home Renovations

A complete architectural rethinking of how your home lives — reworked flow, elevated materials, and detailing that reads as intentional in every room.

0 2

Kitchen Remodels

Honed stone, custom millwork, and quiet, professional-grade performance. Kitchens built for both a Tuesday evening and a table of twenty.

0 3

Bathroom & Spa Suites

Private retreats in limestone, plaster, and warm metal — steam showers, soaking tubs, and lighting designed to flatter at every hour.

0 4

Home Additions & Structural Renovations

Engineered additions and opened structures that expand your home without ever betraying its original architecture.

0 5

Custom Indoor/Outdoor Living

Pocketing glass walls, shaded terraces, and fire and water features that make the desert an extension of your living room.

THE NAP DIFFERENCE

White-glove project management, start to finish

Renovating a home you love should not feel like a risk. Our process is built on transparency, disciplined scheduling, and communication you never have to chase.

01

Private Design Consultation

We meet in your home, listen closely, and understand how you actually live before a single line is drawn.

02

Planning & Transparent Budgeting

Detailed scope, real allowances, and honest numbers. You approve every line before construction begins.

03

Meticulous Construction Management

One dedicated point of contact, protected finishes, clean sites, and proactive weekly communication.

04

Final Walkthrough & Lasting Quality

We walk the home together, resolve every detail, and stand behind the craftsmanship long after the keys return.

IN THEIR WORDS

Homeowners across the Valley

“They treated our home the way we do. The communication was constant, the site was immaculate, and the finished kitchen is better than what we imagined.”

M. & J. ELLISON — PARADISE VALLEY

“Our budget was respected from the first meeting to the last. No surprises, no pressure — just a team that clearly cared about the detail.”

CATHERINE R. — SCOTTSDALE

“The indoor-outdoor renovation completely changed how we use the house. Guests assume we bought a new home.”

D. WHITAKER — NORTH SCOTTSDALE
