Renting vs. Owning: The Real Difference

Every rent payment is money you'll never see again. Every mortgage payment builds your future.

✗ Renting

- ✗ Money gone forever — no return
- ✗ Landlord can raise rent anytime
- ✗ No tax benefits for you
- ✗ Zero equity after years of payments
- ✗ Living by someone else's rules

After 5 years of renting at \$1,800/mo:
\$108,000 paid → \$0 equity

✓ Owning

- ✓ Building equity every single month
- ✓ Locked-in payment with 30-year fixed
- ✓ Tax deductions on mortgage interest
- ✓ Your home, your rules, your future
- ✓ Investment that grows with you

After 5 years of owning at \$1,770/mo:
\$106,200 paid → ~\$40,000+ equity
